YOUR STRATEGIC PARTNER IN PREMIUM
INDIAN SUPERFOODS & NUTRITIONAL INGREDIENTS

Empowering global health brands through
dependable sourcing and export coordination

MAKHANA • LAKADONG TURMERIC • SELECT INDIAN SPICES

GUWAHATI, ASSAM, INDIA

# Company Overview

**Panio Global Pvt. Ltd.** is an India-based merchant exporter focused on sourcing and supplying quality Indian food products, superfoods, spices, and nutritional ingredients to international buyers. Based in Guwahati, Assam, we connect overseas businesses with India's diverse agricultural supply base through a practical, relationship-led export model.

We aim to make sourcing from India simpler for importers, distributors, food manufacturers, private-label brands, and nutraceutical businesses by coordinating product specifications, supplier communication, quality expectations, packaging requirements, and export logistics.

## Our Positioning

A specialized merchant-export partner for buyers seeking dependable access to selected Indian-origin ingredients—supported by responsive communication, clear specifications, and shipment coordination.

## Our Mission

To help global businesses source Indian food and nutritional ingredients with greater confidence through responsible supplier coordination, transparent communication, and a focus on consistency.

## What We Aim to Deliver

| | |
|---|---|
| **Reliable sourcing**<br>Supplier coordination aligned with buyer requirements. | **Specification-led supply**<br>Clear product, grade, packing, and quantity discussions. |
| **Export coordination**<br>Support with shipment planning and export documentation coordination. | **Long-term relationships**<br>A responsive partner focused on repeat business. |

## Our Core Approach

We understand that international buyers need more than a product quote. They need clear communication, realistic lead times, agreed specifications, suitable packaging, and documentation aligned with the destination market. Panio Global works to coordinate these details before an order moves forward.

# Product Portfolio

Our portfolio focuses on selected Indian-origin foods and ingredients for retail, wholesale, food-service, food manufacturing, and ingredient applications. Product availability, grades, specifications, and packaging are confirmed against each buyer's requirements.

### 01 Fox Nuts / Makhana

A popular popped seed snack from India, suitable for snack brands, distributors, private-label programs, and food businesses. Options can be discussed by size/grade, processing, packing format, and order volume.

### 02 Lakadong Turmeric

A specialty turmeric associated with Meghalaya, Northeast India. Suitable for spice importers, ingredient buyers, food manufacturers, and brands seeking distinctive Indian turmeric. Curcumin percentage and other technical parameters should be confirmed by lot-specific testing and documentation.

### 03 Premium Indian Spices

Selected spices and spice ingredients for wholesale and manufacturing applications. Product scope, origin, grade, cleanliness, moisture, microbiological requirements, and packaging are agreed as part of the inquiry.

### 04 Ginger

Indian-origin ginger for food ingredient and spice channels, subject to season, form, grade, and availability.

### 05 Dragon / Ghost Chilli

Selected hot chilli products for spice traders, food manufacturers, and specialty ingredient buyers. Variety, heat profile, form, and destination requirements should be specified before quotation.

### 06 Other Selected Nutritional Ingredients

Additional products may be explored subject to sourcing availability, buyer specifications, and commercial feasibility.

**Important:** Final product specifications, certifications, test reports, country-specific compliance, MOQ, price, and lead time are confirmed for each product and shipment. No certification or test result is implied by this general profile.

# Additional Product Offering

# INSTANT TEA PREMIX

Panio Global Pvt. Ltd. can discuss sourcing of instant tea premix for business buyers seeking convenient tea beverage solutions for food-service, hospitality, office pantry, vending, retail, and distribution channels. Product formulation and availability should be confirmed against the buyer's target market and application.

**INSTANT CONVENIENCE • BUSINESS-READY FORMAT • CUSTOM REQUIREMENTS DISCUSSED**

## Potential Buyer Applications

| | |
|---|---|
| **Food service & hospitality**<br>Hotels, cafés, caterers, and institutional beverage service. | **Office & vending**<br>Workplaces, vending operators, and pantry suppliers. |
| **Retail & distribution**<br>Packaged beverage ranges and regional distributors. | **Private label**<br>Potential custom pack sizes or branding, subject to supplier capability. |

## Details to Confirm for Quotation

- Premix type and formulation (for example, milk-based or non-dairy, sweetened or unsweetened)
- Ingredients, flavour profile, and any dietary or allergen requirements
- Pack format, unit weight, case configuration, and private-label requirements
- MOQ, target quantity, destination country, and preferred Incoterms
- Shelf life, storage conditions, product specification, and applicable test/compliance documents

**Note:** This is a product-category introduction, not a technical specification or claim of certification. Final formulation, ingredients, shelf life, certificates, test reports, MOQ, pricing, and availability must be confirmed with the supplying manufacturer before any commercial offer is issued.

**PANIO GLOBAL PVT. LTD.**

# Working With Panio Global

## A straightforward, buyer-led process

**1. Share your requirement**
Product, intended use, target market, grade/specification, quantity, packing, and target delivery timeline.

**2. Confirm feasibility**
We coordinate sourcing availability and clarify the specification, MOQ, sample options, and relevant documentation.

**3. Review commercial terms**
Indicative quotation based on product, order volume, packaging, destination, and agreed Incoterms.

**4. Align quality and packing**
Buyer and supplier align on agreed specifications, packaging, inspection/testing needs, and shipment readiness.

**5. Coordinate export shipment**
Documentation and logistics coordination according to the agreed transaction terms and destination requirements.

## Potential Buyer Segments

Importers and distributors • Superfood and snack brands • Spice traders • Food manufacturers • Ingredient sourcing teams • Private-label businesses • Nutraceutical and wellness brands

## Export Markets

Panio Global is interested in developing suitable business relationships across markets including North America, Europe, the Middle East, and Asia-Pacific. Product eligibility and import requirements vary by destination and must be verified for each shipment.

## Information Available on Request

Product catalog • Product-specific specifications • Indicative price list • MOQ and packing options • Sample availability • Relevant test reports and compliance documents, where applicable • Shipment and export-documentation coordination
